| 6 | _____                | _____ | _____             |

**NO-CONTACT EXPECTATIONS**

The students listed above agree to temporarily end direct and indirect contact with one another. This agreement is intended to prevent further conflict and support safety; it does not determine fault or require students to give up the right to report a concern.

|   |                                                                                                                                                                                                  |
|---|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1 | No direct contact. Do not speak to, call, text, email, message, write to, tag, mention, or otherwise communicate with another student listed in this agreement.                                  |
| 2 | No indirect contact. Do not ask friends, relatives, or anyone else to deliver messages, get information, confront someone, or communicate for you.                                               |
| 3 | No social-media activity about the conflict. Do not post, share, comment on, react to, tag, forward, or create photos, videos, rumors, or content about another listed student or the situation. |
| 4 | No provoking or intimidating conduct. Do not approach, follow, surround, stare at, gesture toward, threaten, mock, confront, or do anything that could restart the conflict.                     |
| 5 | Maintain physical separation. Follow staff directions about seating, passing periods, arrival/dismissal, activities, transportation, or other temporary safety arrangements.                     |
| 6 | Do not involve other students. Do not spread rumors, encourage students to take sides, plan retaliation, or ask others to pressure or provoke a listed student.                                  |
| 7 | Report concerns; do not retaliate. Immediately tell a designated staff member about unavoidable contact, threats, retaliation, online activity, or safety concerns. Do not respond or retaliate. |

**PERMITTED REPORTING, REQUIRED CONTACT, AND REVIEW**

This agreement does not prevent a student from reporting a safety concern, requesting help, or speaking with a parent/guardian, counselor, administrator, law enforcement officer, or other authorized support person. If unavoidable contact occurs during class, an activity, transportation, or an emergency, students must follow staff directions and keep communication limited to what is necessary.

Duration and response to violations: This agreement remains in effect through the review/expiration date listed above unless an administrator changes it in writing. A reported violation will be reviewed. Appropriate safety measures, interventions, or discipline may follow in accordance with district policy and applicable law; consequences are not automatic.

Acknowledgment: By signing above, each student confirms that the agreement was reviewed, questions were answered, and the student understands the expectations. Students should ask the administrator for clarification before leaving the meeting.
